### Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

**14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶

Capmark Financial Group Inc. (the "Company") announced that its Board of Directors has declared a cash distribution of \$1.65 per share to holders of the Company's common stock (the "Distribution"). The Distribution was paid on September 27, 2013. A portion of the Distribution will be in excess of the Company's earnings and profits.

**15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶

Based on current projections, the Company estimates that \$0.070125 per share (or approximately 4.25%) of the Distribution will be a taxable dividend and approximately \$1.579875 per share represents a return of capital. As such, the basis of the security should be reduced by \$1.579875 per share in accordance with IRC Section 301(c)(2).

**16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶

The amount of the Distribution considered a dividend distribution is limited to the anticipated earnings and profits available for distribution as of the end of the year allocable to the Distribution in accordance with Treas. Reg. Section 1.316-2(b).

**Part II Organizational Action** (continued)
