FORWARD-LOOKING STATEMENTS

This report contains statements that are “forward-looking statements”. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends, and similar expressions concerning matters that are not historical facts. All statements contained herein that are not clearly historical in nature are forward-looking. In some cases, you can identify these statements by use of forward-looking words, such as “may,” “will,” “should,” “anticipate,” “estimate,” “expect,” “plan,” “believe,” “predict,” “potential,” “project,” “intend,” “could,” or similar expressions. In particular, statements regarding Bluestem Group Inc. and its consolidated subsidiaries’ plans, strategies, prospects, and expectations regarding its business are forward-looking statements. You should be aware that these statements and any other forward-looking statements in this document only reflect Bluestem Group Inc. and its consolidated subsidiaries’ beliefs, assumptions, and expectations and are not guarantees of future performance. These statements involve risks, uncertainties, and assumptions. Many of these risks, uncertainties, and assumptions are beyond Bluestem Group Inc. and its consolidated subsidiaries’ control and may cause actual results and performance to differ materially from Bluestem Group Inc. and its consolidated subsidiaries’ expectations. Important factors that could cause our actual results to be materially different from our expectations include the risks and uncertainties set forth under “Risk Factors” in the Bluestem Group Inc. and its consolidated subsidiaries’ report as of and for the years ended February 2, 2018 and February 3, 2017 (the “Annual Report”) available at www.bluestem.com.

Forward-looking statements are based on Bluestem Group Inc. and its consolidated subsidiaries’ beliefs, assumptions and expectations of its future performance, taking into account all information currently available to Bluestem Group Inc. and its consolidated subsidiaries. These beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to Bluestem Group Inc. and its consolidated subsidiaries or are within its control. If a change occurs, Bluestem Group Inc. and its consolidated subsidiaries’ business, financial condition, and liquidity may vary materially from those expressed in its forward-looking statements.

Accordingly, you should not place undue reliance on the forward-looking statements contained in this report. These forward-looking statements are made only as of June 19, 2018, the date of this report. Bluestem Group Inc. and its consolidated subsidiaries undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events, or otherwise.

BUSINESS

As used in this report:

- “BGI,” “we,” “us,” “our,” or “the Company” refers to Bluestem Group Inc. with its consolidated subsidiaries
- “BGI Holding Company” refers to the Bluestem Group Inc. legal entity, excluding its subsidiaries
- “Bluestem” refers to Bluestem Brands, Inc., an indirect subsidiary of BGI which consists of Northstar Portfolio, Orchard Portfolio and PayCheck Direct (which was exited in the first quarter of fiscal 2017)
- “Northstar Portfolio” or “Northstar” refers to the consolidated Fingerhut and Gettington retail brands
- “Orchard Portfolio” or “Orchard” refers to the consolidated Appleseed’s, Bedford Fair, Blair, Draper’s & Damon’s (retail stores were exited during the first quarter of fiscal 2017), Gold Violin, Haband, LinenSource (which was exited in the second quarter of fiscal 2017), Norm Thompson, Old Pueblo Traders, Sahalie, Tog Shop, and WinterSilks retail brands
- “Capmark Portfolio” or “Capmark” refers to the commercial real estate finance operations of BGI

The Company

Bluestem Group Inc., a holding company headquartered in Eden Prairie, MN, operates multiple direct to consumer retail brands through its subsidiary Bluestem Brands. The Northstar Portfolio includes Fingerhut and Gettington, both of which are national multi-channel retail brands offering a broad selection of name brand and private label merchandise serving low- to middle-income consumers by offering multiple payment plans through revolving credit lines or installment loans offered by WebBank as the originating bank as described more fully below. The Orchard Portfolio consists of multi-channel brands including Appleseed’s, Bedford Fair, Blair, Draper’s & Damon’s, Gold Violin, Haband, Norm Thompson, Old Pueblo Traders, Sahalie, Tog Shop and WinterSilks. These brands offer apparel, accessories, and home products for the boomer and senior demographic, generally considered age 50 and over and provide customers with the ability to obtain credit through a third-party private label credit card.

By combining proprietary marketing and credit decision-making technologies, Bluestem is able to tailor merchandise and credit offers to existing and prospective customers. Bluestem views merchandising, marketing and credit management within its Northstar Portfolio business model as strategically indivisible. Credit is offered to Northstar Portfolio customers to reasonably assist them in making merchandise purchases while enhancing customer loyalty and driving repeat orders. Bluestem offers a large selection of name-brand, private label, and non-branded merchandise through internet websites and catalogs to customers in the United States of America. Merchandise is continuously tailored across three key product categories:

- **Home** - including housewares, bed and bath, lawn and garden, home furnishings and hardware
- **Entertainment** - including electronics, video games, toys and sporting goods
- **Fashion** - including apparel, footwear, cosmetics, fragrances and jewelry

Bluestem is a party to a series of transactions with WebBank and Santander Consumer USA Inc. (“SCUSA”) related to revolving Northstar Portfolio customer accounts receivable executed under a set of operating agreements referred to collectively as the “A/R Program Agreements” and the arrangement is referred to as the “Program.” WebBank is the originating bank for Northstar Portfolio customer revolving credit accounts. Bluestem sells all new receivables originated under revolving credit accounts to SCUSA on the same day those receivables are purchased by Bluestem from WebBank. All receivables originated in revolving credit accounts are referred to as “Standard Receivables.” Bluestem services all credit accounts and related receivables as WebBank’s and/or SCUSA’s agent. In consideration of Bluestem’s servicing of the Standard Receivable portfolio owned by SCUSA, SCUSA pays a servicing fee to and shares a portion of the risk adjusted margin (“RAM”) of the portfolio with Bluestem. The Standard Receivables Agreement states if the RAM forecast projects RAM, as a percentage of forecasted average Program receivables, to be less than 5% for the full fiscal year, then Bluestem shall implement a merchant discount on all Standard Receivables to be purchased by SCUSA for the remainder of the fiscal year. SCUSA bears risk of loss due to uncollectibility of the Standard Receivables it purchases.

All receivables generated in accounts other than revolving credit accounts, are referred to as “Nonstandard Receivables.” Bluestem bears risk of loss due to uncollectibility on Nonstandard Receivables.

See Note 5, *Serviced Credit Portfolio*, of the Notes to Condensed Consolidated Financial Statements, for more information on SCUSA-owned and Bluestem-owned accounts receivable.

MANAGEMENT'S COMMENTARY ON RESULTS OF OPERATIONS, LIQUIDITY AND CAPITAL RESOURCES

Our "Management's Commentary on Results of Operations, Liquidity and Capital Resources" is organized as follows:

- **OVERVIEW AND BASIS OF PRESENTATION:** This section provides a discussion of our consolidated company and the presentation of our segment results.
- **RESULTS OF OPERATIONS:** This section presents our consolidated results of operations, segment results, a detailed analysis of each segment's results of operations, and a discussion of information that we believe is meaningful to understand our results of operations.
- **LIQUIDITY AND CAPITAL RESOURCES:** This section provides an analysis of our liquidity and cash flows.

OVERVIEW AND BASIS OF PRESENTATION

Bluestem Group Inc. is a holding company whose businesses include Bluestem, a multi-brand retailer of a broad selection of name-brand and private label general merchandise and Capmark, which is focused on managing a commercial real estate-related business and existing assets, including monetizing these assets when appropriate.

We present our business results based on the organizational structure we use to evaluate performance and make decisions on allocating resources and assessing performance. Our consolidated business results are presented in three reportable segments (referred to herein as "segments"): Northstar Portfolio, Orchard Portfolio and Corporate and other. The business results for the 13-weeks ended May 5, 2017 have been adjusted to reflect the changes in our segment presentation. Segment merchandise sales and shipping and handling revenue are recorded at the time of shipment to the customer and an adjustment to reduce sales by the estimated amount of orders in-transit to customers is recognized and reported in the Corporate and other segment. The business results for the 13 weeks ended May 4, 2018 reflect the adoption of the new revenue recognition accounting standard ("Topic 606"). The primary impact of the adoption of Topic 606 was to accelerate the timing of recognizing direct mail catalog advertising costs, which were capitalized and amortized over their expected period of future benefit prior to adoption and are now recognized on the estimated date of first delivery to recipients. Prior year periods were not restated upon adoption of Topic 606.

Northstar Portfolio

The Northstar Portfolio consists of our Fingerhut and Gettington retail brands. These brands are national multi-channel retailers serving low- to middle-income consumers by offering products with multiple payment plans through revolving credit lines or installment loans offered by WebBank as the originating bank. While numerous retailers sell merchandise via the internet and catalogs focusing on low- to middle-income customers, Northstar Portfolio has created a differentiated business model by utilizing direct-marketing expertise to integrate proprietary credit offerings with broad general merchandise offerings including consumer electronics, domestics, housewares, and home furnishings. The vast majority of sales are on revolving customer credit accounts, originated through WebBank, reflecting Northstar Portfolio's ability to combine relevant merchandise offerings with an attractive consumer credit product aligned with the customer's ability to pay. Fingerhut also offers the FreshStart program, which provides the option of purchasing merchandise on installment credit terms after making a down payment.

Important drivers of Northstar Portfolio's business performance include growth in new customer credit accounts, average order size, existing customer repurchase rates, the mix of merchandise sold, the overall performance and credit quality of the customer accounts receivable portfolio, and promotional performance.

Orchard Portfolio

The Orchard Portfolio consists of Appleseed's, Bedford Fair, Blair, Draper's & Damon's (whose retail stores were exited during the first quarter of fiscal 2017), Gold Violin, Haband, LinenSource (which was exited in the second quarter of fiscal 2017), Norm Thompson, Old Pueblo Traders, Sahalie, Tog Shop, and WinterSilks retail brands. These brands are national multi-channel retailers offering apparel, accessories, and home products for women and men principally in the boomer and senior demographic, generally considered age 50 and older. Orchard Portfolio offers its product assortments through various platforms including online and direct mail.

Important drivers of Orchard Portfolio's business performance include growth in new customers, average order size, existing customer repurchase rates, the mix of merchandise sold, and promotional performance.

The Orchard Portfolio has an extensive proprietary database of customer information, including customer demographics and purchasing history. The Orchard Portfolio is able to design its marketing programs using this information. Marketing strategies are designed to grow lifetime value with customers by using the strength of its brand portfolio to meet more of its customers' needs. Multiple Orchard Portfolio brand relationships are fostered through circulation strategies, the design of its web universal cart and its use of a third-party private label credit platform across all brands.

Corporate and other

The Corporate and other segment includes certain costs consisting of indirect general and administrative expenses, amortization and depreciation not included in cost of goods sold, loss on impairment, the elimination of inter-segment activities as well as adjustments to net sales, cost of goods sold, selling and marketing expenses related to product estimated to be in-transit from shipping point to the customer. In addition, the segment includes the PayCheck Direct business (which was exited during the first quarter of fiscal 2017) and Capmark Portfolio. PayCheck Direct was a program that was offered directly through employers or organizations as a voluntary benefit to employees and members. It allowed customers to purchase products with the convenience of paying over 12 months through payroll deductions or automatic bank withdrawals. The Capmark Portfolio is focused on managing a real estate-related business and existing assets, including monetizing these assets when appropriate.

RESULTS OF OPERATIONS**Consolidated Results of Operations**

The following table provides our consolidated results of operations (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017

NORTHSTAR PORTFOLIO

Northstar Portfolio's net sales, costs of goods sold, gross profit, order and new customer data are summarized below (in thousands, except average order size):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Sales by category:		
Home	\$ 85,203	\$ 88,983
Entertainment	67,864	73,110
Fashion	36,147	31,833
Total Sales	189,214	193,926
Returns and allowances	(10,209)	(11,166)
Commissions and other revenues	4,001	4,286
Net sales	183,006	187,046
Cost of goods sold	102,585	107,915
Gross profit	\$ 80,421	\$ 79,131
Gross profit percentage	43.9%	42.3%
Orders filled	857	864
Average order size	\$ 221	\$ 224
New revolving credit customers	111	90
New FreshStart customers	43	54

Net Sales

Net sales of Northstar Portfolio include sales of merchandise, shipping and handling revenue, and commissions earned from third parties that market their products to our customers. Segment merchandise sales and shipping and handling revenue are recorded at the time of shipment to the customer and an adjustment to reduce sales by the estimated amount of orders in-transit to customers is recognized and reported in the Corporate segment. Merchandise sales are reported net of discounts and estimated sales returns, and exclude sales taxes.

Sales to existing customers are driven by our ability to retain customers through our merchandise assortment, marketing campaigns, and credit line account management strategies. New customer accounts are acquired through catalog mailings, digital advertising, and other mass advertising.

Net sales for Northstar Portfolio for the 13-weeks ended May 4, 2018 decreased 2.2% compared to the 13-weeks ended May 5, 2017. Fingerhut net sales decreased \$2.0 million primarily due to efforts to improve the effectiveness of our advertising spend and drive better credit portfolio performance. These efforts included discontinuing national television advertising in September 2017 and tighter underwriting standards. Gettington net sales decreased \$2.1 million as a result of paused new customer acquisition efforts while we prepare a repositioning of the brand to be executed in Q2 of fiscal 2018.

Cost of Goods Sold

Cost of goods sold of Northstar Portfolio include the cost of merchandise sold (net of vendor rebates, purchase discounts, and estimated returns), shipping and handling costs, inbound freight costs, payroll and benefits for distribution center employees, rent, occupancy costs, depreciation of our distribution center equipment, charges from third-party distribution centers, and estimates of product obsolescence costs.

Gross Profit

Northstar Portfolio's gross profit percentage for the 13-weeks ended May 4, 2018, increased from the 13-weeks ended May 5, 2017, primarily due to an improved mix of higher margin fashion goods versus lower margin entertainment goods, reduced shipping costs and lower fulfillment expense.

Sales and Marketing Expenses

The following table presents sales and marketing expenses of Northstar Portfolio, by category (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Catalog direct mail	\$ 18,296	\$ 16,442
Television and digital marketing	7,268	9,529
Order entry and customer service	1,592	1,997
Premium (free gift with purchase) and other	457	705
Sales and marketing expenses	<u>\$ 27,613</u>	<u>\$ 28,673</u>
Sales and marketing expenses as a percent of net sales	15.1%	15.3%

Northstar Portfolio's sales and marketing expenses for the 13-weeks ended May 4, 2018 included an increase of \$2.1 million related to the acceleration of catalog direct mail costs as a result of the adoption of Topic 606. Excluding this cost acceleration, sales and marketing expense as a percent of net sales for the 13-weeks ended May 4, 2018 decreased 140 bps compared to the 13-weeks ended May 5, 2017 primarily due to discontinuation of television advertising in September 2017 as part of our efforts to upgrade the overall credit profile of new customers in our serviced credit portfolio.

Net Credit Expense

The following table presents net credit expenses of Northstar Portfolio, by category (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Provision for doubtful accounts:		
Loss on sale of customer accounts receivable	\$ 17,552	\$ 12,212
Company-owned customer accounts receivable	2,385	2,345
Total provision for doubtful accounts	<u>19,937</u>	<u>14,557</u>
Credit management costs	15,860	18,509
Finance charge and fee income, net	(950)	(1,180)
Servicing fee income and portfolio profit sharing	(6,975)	(7,108)
(Gain) loss on servicing right	(2,824)	1,250
Net credit expense	<u>\$ 25,048</u>	<u>\$ 26,028</u>
Annualized net credit expense as a percent of average revolving customer accounts receivable	7.1%	7.2%
Average revolving customer accounts receivable	\$ 1,417,769	\$ 1,443,936

Net credit expense includes credit management costs on all customer accounts receivable whether owned by the Company or SCUSA, a provision for doubtful accounts, finance charge and fee income on Company-owned accounts receivable, servicing fee income and portfolio profit sharing from SCUSA owned accounts receivable and losses on servicing the portfolio. As of May 4, 2018, total serviced customer accounts receivable was \$1.4 billion, of which \$13.2 million were Company-owned. As of February 2, 2018, total serviced customer accounts receivable was \$1.5 billion, of which \$17.2 million were Company-owned. The decrease in Company-owned accounts receivable is due to the collection of outstanding receivables following the exit of the PayCheck Direct business in the first quarter of 2017. Credit management costs for the total serviced accounts receivable include statement and payment processing, collections, origination fees paid to WebBank, new account application processing, credit bureau processing costs, and customer service costs. SCUSA bears risk of loss due to uncollectibility of the Standard Receivables it owns. Bluestem bears risk of loss due to uncollectibility on Nonstandard Receivables, and any existing Standard Receivables not purchased by SCUSA.

We maintain an allowance for doubtful accounts at a level intended to absorb probable losses on Nonstandard Receivables as of the balance sheet date, a provision for doubtful accounts needed to reduce the value of accounts receivable purchased from WebBank to the discounted value sold to SCUSA. The Standard Receivables Sale Agreement states that if the Risk Adjusted Margin ("RAM") forecast projects RAM, as a percentage of forecasted average Program receivables, to be less than 5% for the full fiscal year, then Bluestem shall implement a merchant discount rate on all Standard Receivables purchased by SCUSA for the remainder of the fiscal year. Sales of Standard Receivables to SCUSA were made at a discount to par of 9.18% or \$17.6 million and 6.18% or \$12.2 million during the 13-weeks ended May 4, 2018 and May 5, 2017, respectively.

Finance charges are accrued on Company-owned accounts receivable until the account balance is paid or charged off. A late fee is imposed if the customer does not pay at least the minimum payment by the payment due date and continues until the account is over 90 days delinquent for revolving accounts, or until the account is delinquent for installment accounts.

Northstar receives a servicing fee and shares in a portion of the profits as compensation for servicing customer accounts receivable owned by SCUSA. The compensation received from SCUSA did not approximate adequate compensation for services provided during the 13-weeks ended May 4, 2018 and May 5, 2017. As a result, the Company records a servicing liability which is adjusted each quarter for changes in its fair value. Northstar recorded a \$2.8 million non-cash gain resulting from a reduction of the fair value of the servicing liability during the 13-weeks ended May 4, 2018 and a \$1.3 million non-cash loss from an increase of the fair value of the servicing liability for the 13-weeks ended May 5, 2017. See Note 5, *Serviced Credit Portfolio* of the Notes to Condensed Consolidated Financial Statements, for more information.

For the 13-weeks ended May 4, 2018 net credit expense decreased \$1.0 million compared to the 13-weeks ended May 5, 2017, primarily attributed to \$5.3 million increase in provision for doubtful accounts related to the loss on sale of customer accounts receivable to SCUSA resulting from an increase in the merchant fee, partially offset by the favorable change in servicing right valuation of \$4.1 million and improved credit operating costs of \$2.6 million compared to the prior year period.

General and Administrative Expenses

The following table presents general and administrative expenses of Northstar Portfolio, by category (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Compensation and benefits	\$ 5,038	\$ 5,084
Professional fees	1,041	872
Rents and occupancy costs	131	71
Other	233	502
General and administrative expenses	<u>\$ 6,443</u>	<u>\$ 6,529</u>
General and administrative expenses as a percent of net sales	3.5%	3.5%

These expenses primarily consist of direct compensation, benefits and other overhead costs for credit, merchandising and marketing management.

General and administrative expenses for the 13-weeks ended May 4, 2018 were relatively flat compared to the 13-weeks ended May 5, 2017, with an increase in professional fees offset by a decrease in other expenses, primarily collections related legal settlements.

ORCHARD PORTFOLIO

Orchard Portfolio's net sales, cost of goods sold, gross profit, order and gross customer data are summarized below (in thousands, except average order size):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Sales by category:		
Fashion	\$ 220,453	\$ 250,064
Home	9,729	17,546
Total Sales	<u>230,182</u>	<u>267,610</u>
Returns and allowances	(33,864)	(36,523)
Commissions and other revenues	<u>11,748</u>	<u>14,715</u>
Net sales	208,066	245,802
Cost of goods sold	98,712	116,433
Gross profit	<u>\$ 109,354</u>	<u>\$ 129,369</u>
Gross profit percentage	52.6 %	52.6%
Orders filled	3,327	3,565
Average order size	\$ 69	\$ 75
Gross new customers	563	652
Gross active customers	7,435	7,813

Net Sales

Net sales of Orchard Portfolio consist of sales of merchandise, shipping and handling revenue, and commissions earned from third parties that market their products to our customers. Orchard Portfolio segment merchandise sales and shipping and handling revenue are recorded at the time of shipment to the customer while an adjustment to reduce sales by the estimated amount of orders in-transit to customers is recognized and reported in the Corporate segment. Merchandise sales are reported net of discounts and estimated sales returns, and exclude sales taxes.

Sales to existing customers are driven by our ability to retain customers through the use of a multi-channel marketing approach, including catalog mailings, digital marketing, site marketing and merchandising. The reactivation of former customers and acquisition of new customers are attained through visibility to our website generated by catalog mailings, space media and digital marketing.

For the 13-weeks ended May 4, 2018, net sales decreased 15.4% compared to the 13-weeks ended May 5, 2017, primarily due to the fiscal 2017 exit of Draper's and Damon's retail stores and the LinenSource brand. Adjusted for exited businesses, net sales decreased 10.2% due to decreased catalog response rates leading to lower new customer acquisition, a decline in customer rebuy rates, increased discounts in an attempt to create demand as well as our inability to meet demand for certain items due to sold outs.

Cost of Goods Sold

Cost of goods sold of Orchard Portfolio includes the cost of merchandise sold (net of vendor rebates, purchase discounts, and estimated returns), shipping and handling costs, inbound freight costs, payroll and benefits for distribution center employees, depreciation of distribution center facilities and assets and estimates of product obsolescence costs.

Gross Profit

For the 13-weeks ended May 4, 2018, Orchard Portfolio's gross profit percentage was unchanged compared to the 13-weeks ended May 5, 2017.

Sales and Marketing Expenses

The following table presents sales and marketing expenses of Orchard Portfolio, by category (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Catalog direct mail	\$ 82,905	\$ 78,077
Digital marketing	5,547	4,518
Order entry and customer service	6,507	7,050
Retail Store	51	2,664
Premium (free gift with purchase) and other	4,507	4,633
Sales and marketing expenses	<u>\$ 99,517</u>	<u>\$ 96,942</u>
Sales and marketing expenses as a percent of net sales	47.8%	39.4%

Orchard Portfolio's sales and marketing expenses for the 13-weeks ended May 4, 2018 included an increase of \$9.1 million related to the acceleration of catalog direct mail costs as a result of the adoption of Topic 606. Excluding this cost acceleration, sales and marketing expense as a percent of net sales increased 410 bps for the 13-weeks ended May 4, 2018 compared to the 13-weeks ended May 5, 2017, primarily due to lower response rates to catalog marketing and increased digital marketing activity partially offset by lower print and paper costs.

General and Administrative Expenses

The following table presents general and administrative expenses of Orchard Portfolio, by category (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Compensation and benefits	\$ 6,424	\$ 8,037
Professional fees	1,430	722
Rents and occupancy costs	771	954
Other	352	402
General and administrative expenses	<u>\$ 8,977</u>	<u>\$ 10,115</u>
General and administrative expenses as a percent of net sales	4.3%	4.1%

These expenses primarily consist of direct compensation, benefits and other overhead costs for merchandising and marketing management.

Orchard Portfolio's general and administrative expenses as a percent of net sales for the 13-weeks ended May 4, 2018 increased compared to the 13-weeks ended May 5, 2017, primarily due to a decrease in compensation as a result of a workforce reduction completed in March 2017.

CORPORATE AND OTHER

Corporate and other's net sales, revenues and expenses are summarized below (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Net sales	\$ (10,012)	\$ (5,226)
Commercial real estate revenue, net	395	1,704
Net sales and revenues	(9,617)	(3,522)
Cost of goods sold	(6,130)	(529)
Sales and marketing expenses	(111)	(2,570)
Net credit expense	100	3,908
General and administrative expenses	33,596	49,690
Amortization and depreciation not included in costs of goods sold	12,304	15,413
Loss on impairment	—	230
Operating loss	(49,376)	(69,664)
Total interest expense, net	12,602	12,865
Income tax benefit	311	707
Net loss	<u>\$ (62,289)</u>	<u>\$ (83,236)</u>

Net Sales and Revenues

Corporate net sales consist of adjustments to Bluestem's net sales related to product sales estimated to be in-transit from shipping point to the customer, the elimination of inter-segment activities and the net sales of the PayCheck Direct business (which was exited during the first quarter of fiscal 2017 and is currently winding down). PayCheck Direct net sales include sales of merchandise (reported net of discounts and estimated sales returns, and exclude sales taxes), shipping and handling revenue, and commissions earned from third parties that market their products to our customers. Commercial real estate revenue includes Capmark's net gains on loans, equity in income of joint venture and partnerships and other gains and losses, net as our equity investments continue to wind down and approach the end of their lives.

Excluding the exited PayCheck Direct business net sales (\$12.2 million during the first quarter of fiscal 2017), the change in Corporate and other net sales was primarily due to the level and timing of in-transit sales in the 2018 first quarter versus the 2017 first quarter.

Cost of Goods Sold

Corporate cost of goods sold consist of adjustments to Bluestem's cost of goods sold related to product sales estimated to be in-transit from shipping point to the customer, the elimination of inter-segment activities and the cost of goods sold of PayCheck Direct. PayCheck Direct cost of goods sold includes the cost of merchandise sold (net of vendor rebates, purchase discounts, and estimated returns), shipping and handling costs, inbound freight costs, payroll and benefits for distribution center employees, rent, occupancy costs, depreciation of our distribution center equipment, charges from third-party distribution centers, and estimates of product obsolescence costs.

Excluding the exited PayCheck Direct business cost of goods sold (\$7.7 million during the first quarter of fiscal 2017), the change in Corporate and other net cost of goods sold was primarily due to lower sales activity in the final week of the 2018 period.

Sales and Marketing Expenses

Corporate and other's sales and marketing expenses for the 13-weeks ended May 4, 2018 included an increase of \$2.1 million related to the acceleration of catalog direct mail costs as a result of the adoption of Topic 606. Excluding this cost acceleration, sales and marketing expenses for the 13-weeks ended May 4, 2018 decreased compared to the 13-weeks ended May 5, 2017, primarily due to the exit of the PayCheck Direct business and the level of promotional and advertising expenses related to in-transit sales.

Net Credit Expense

Corporate and other's net credit expense for the 13-weeks ended May 4, 2018 decreased compared to the 13-weeks ended May 5, 2017, primarily due to the exit of the PayCheck Direct business.

General and Administrative Expenses

The following table presents general and administrative expenses of Corporate and other, by category (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Compensation and benefits	\$ 19,993	\$ 26,428
Professional fees and contract labor	5,403	10,739
Rents and occupancy costs	6,344	10,874
Other	1,856	1,649
General and administrative expenses	<u>\$ 33,596</u>	<u>\$ 49,690</u>

Corporate and other general and administrative expenses for the 13-weeks ended May 5, 2017 included restructuring costs of \$12.2 million compared to \$0.1 million of restructuring costs for the 13-weeks ended May 4, 2018. Excluding restructuring costs, Corporate and other general and administrative expenses decreased \$4.0 million primarily due to a decrease in compensation as a result of a workforce reduction completed in March 2017, lower professional services in Finance and IT and lower restructuring expenses. See Note 8, *Restructuring Costs*, of the Notes to Condensed Consolidated Financial Statements, for more information.

Amortization and Depreciation not Included in Costs of Goods Sold

Amortization and depreciation expenses not included in cost of goods sold includes amortization of our customer relationship intangible assets, depreciation of our property and equipment including purchased and internally developed software, computer hardware, machinery and equipment, office furniture, property under capital lease, and leasehold improvements.

Amortization and depreciation expenses not included in cost of goods sold for the 13-weeks ended May 4, 2018 decreased compared to the 13-weeks ended May 5, 2017 primarily due to a change in the fair value of finite-lived intangible assets based on updated assumptions that was recorded in the first quarter of 2017 and a decline in capital expenditures.

Loss on Impairment

We recorded a non-cash loss on impairment of \$0.2 million during the 13-weeks ended May 5, 2017 related to the LinenSource tradename as a result of the Company's decision to exit the brand.

See Note 6, *Intangible Assets and Goodwill* and Note 13, *Fair Value of Assets and Liabilities* of the Notes to Condensed Consolidated Financial Statements for more information.

Interest Expense, net

The following table presents interest expense by category, weighted average borrowings outstanding and weighted average interest rates (in thousands except for weighted average interest rates):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Interest on debt	\$ 11,369	\$ 11,316
Interest on capital lease obligation	15	36
Interest on swaps	(130)	164
Amortization of deferred charges	758	758
Amortization of original issue discount	593	593
Interest income	(3)	(2)
Total interest expense, net	<u>\$ 12,602</u>	<u>\$ 12,865</u>
Weighted average borrowings outstanding	\$ 494,712	\$ 555,188
Weighted average interest rate	9.1%	7.6%

The Company's interest expense is primarily related to the outstanding balances of the Term Loan and asset-backed line of credit. Interest expense for the 13-weeks ended May 4, 2018 decreased compared to 13-weeks ended May 5, 2017, primarily due to the favorable settlement of interest rate swaps. See the *"Liquidity and Capital Resources"* section below for additional information.

Income Tax Expense

For the 13-weeks ended May 4, 2018, a \$0.3 million income tax expense was recognized on \$39.8 million of loss before income taxes. The tax expense was primarily related to state and foreign taxes. Based on our historical and cumulative losses and our expected current year income from the interest limitation, a tax benefit was not recognized for current year losses or carryforwards offsetting future year income.

For the 13-weeks ended May 5, 2017, a \$0.7 million income tax expense was recognized on \$42.3 million of loss before income taxes. The tax expense was primarily related to state and foreign taxes. Based on our historical and cumulative losses, a tax benefit was not recognized for current year losses or carryforwards offsetting future year income.

The Company has deemed its income tax estimates related to the 2017 Tax Cuts and Jobs Act (the "Tax Act"), to be provisional under SEC Staff Accounting Bulletin No. 118, Income Tax Accounting Implications of the Tax Act. The Tax Act which among other things reduced the U.S. corporate income tax rate from 35 percent to 21 percent effective January 1, 2018, changed rules related to NOL carryforwards and carrybacks, and added rules that limit the deductibility of interest expense. The Company believes future guidance, interpretations, and pronouncements will add clarity to the numerous aspects of the 2017 Tax Act that may impact the Company which may result in revisions to the Company's provisional estimates. There were no material changes to these provisional estimates during the 13-weeks ended May 4, 2018.

Based on our historical and cumulative losses and our expected current year income from the interest limitation, a tax benefit was not recognized for prior year losses or carryforwards offsetting future year income. Tax benefits from net operating loss carryforwards are limited to temporary differences expected to generate future taxable income. Tax benefits from carryforwards offsetting additional income beyond the current year may be recognized in the future could be material.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity and Capital Resources

As of May 4, 2018, we had \$126.3 million in total cash and cash equivalents on hand. Our primary sources of liquidity are (1) proceeds from the sales of customer accounts receivables to SCUSA, (2) cash flows from operations, (3) availability under our Asset Backed Line of Credit, (4) cash and cash equivalents on hand, and (5) collections on our owned accounts receivable portfolio.

Our retail operations require a significant amount of capital to grow and fund operations. Ensuring adequate liquidity is, and will continue to be, at the forefront of our business objectives. Our primary uses of cash are (1) purchases of inventory, (2) purchases and production of promotional materials, and (3) other general working capital needs. The majority of Northstar Portfolio's sales occur on customer credit accounts. We sell all eligible Northstar Portfolio revolving customer accounts receivable to SCUSA on the day we purchase the customer accounts receivable from WebBank. As a result, working capital is improved due to the quicker turn around than if those accounts receivable were held by Bluestem. Orchard offers its customers financing through its private label credit cards, which are issued and managed by a third-party bank. Approximately 29% of Orchard's sales occurred on these cards during the 13-weeks ended May 4, 2018 with the remaining sales primarily occurring on third-party debit and credit cards, resulting in a short-term use of working capital until the receivables are collected. We manage payable terms with vendors in an effort to achieve a balance between working capital and liquidity.

The Northstar Portfolio's cash requirements are seasonal, with peak needs occurring from September through November as marketing efforts increase and inventory grows in advance of the holiday season. The Orchard Portfolio's cash requirements are also seasonal in nature, peaking in the first and third fiscal quarters due to the purchase of inventory and the production of promotional materials in advance of the Spring and Fall seasons. During these peaks, we increase utilization of our Asset Backed Line of Credit. Availability is dependent on eligible collateral for the borrowing base (primarily comprised of inventory and non-customer receivables) and outstanding borrowings.

Cash flows from Capmark Portfolio are dependent, in part, on our ability to monetize assets, as well as on the changes in the value of our real estate-related assets, which impact the levels of net gains or losses that we recognize. We use the cash for Capmark Portfolio operating, general and administrative expenses. The gains or losses realized on sales of assets are subject to various factors. These factors include changes in the interest rate environment, commercial real estate prices, the level of supply and demand for commercial real estate and real estate-related investments and the condition of local and national economies. As of May 4, 2018 and February 2, 2018, net commercial real estate assets were \$7.1 million and \$7.0 million, respectively.

Cash is invested approximately 50% in commercial paper and approximately 50% in money market funds. We purchase money market funds that invest in U.S. dollar-denominated money market securities of domestic and foreign issuers rated in the highest categories or in diversified portfolios of high quality, short-term dollar-denominated debt securities issued or guaranteed by the U.S. government or its agencies.

Additional cash requirements relate to debt service for the Term Loan, capital investments in our business and other general working capital needs. Bluestem's excess Cash Flow (as defined in the Term Loan agreement) is used to pay down our Term Loan, and we may also use cash to pay down outstanding amounts under our Asset Backed Line of Credit.

The Company has interest rate swap agreements under which we pay a fixed rate and receive a variable rate. The notional amounts of the 3-year swap agreements are \$100 million, \$75 million, and \$75 million respectively, with maturity dates of April 29, 2019, June 28, 2019, and April 30, 2020, respectively. The swap agreements are designated as cash flow hedges. See Note 12, *Derivative Instruments*, of the Notes to Condensed Consolidated Financial Statements for more information.

On February 3, 2017, the Board of Directors declared a special cash dividend of \$0.60 per share of the Company's outstanding common stock and Series A Participating Convertible Preferred Stock (the "Special Dividend"). The Special Dividend resulted in an \$80.2 million payment in fiscal 2017 to holders of record as of February 15, 2017, of which \$80.0 million was paid in the first quarter of 2017.

During fiscal 2017 following the exit of the PayCheck Direct business, Bluestem sold \$43.3 million PayCheck Direct accounts receivable to BGI Holding Company under an arms-length transaction for an 8.6% discount of net book value for proceeds of \$29.8 million in order to accelerate the cash collection of PayCheck Direct receivables to Bluestem. The uncollected balance of Paycheck Direct accounts receivable was \$0.5 million of May 4, 2018.

On September 1, 2017, Bluestem sold its Irvine Distribution Center in Irvine, PA to BGI Holding Company under an arms-length transaction for net proceeds of \$24.3 million which has been used as a source of cash to fund operations.

Substantially all of the Company's existing debt obligations have been incurred by Bluestem which is and is expected to continue to be, required to comply with certain financial covenants and ratios contained within the Term Loan agreement and Asset Backed Line of Credit agreement ("Lender Requirements"), as well as separate financial covenants and ratios under the A/R Program Agreements ("Program Requirements"). The Lender Requirements are based on Bluestem's stand-alone financial results excluding unrestricted subsidiaries while the Program Requirements are based on Bluestem's stand-alone financial results including all subsidiaries. Unrestricted subsidiaries are designated by Bluestem based on qualifications defined by the loan agreements.

Bluestem's performance against covenants as of May 4, 2018 were as follows (net liquidity in thousands):

	Leverage Ratio		Net Liquidity	
	Results	Requirement	Position	Requirement
Term Loan agreement and Asset Backed Line of Credit agreement	4.16	< 4.50	\$81,369	> \$ 40,000
Program agreement	4.24	< 5.00	\$81,573	> \$ 40,000

Bluestem's cash flow is highly dependent on the volume of its sales and the credit performance of the receivables sold to SCUSA. Bluestem reported a loss in fiscal 2017 driven in part by decreasing net sales and an increasing merchant discount on receivables sold to SCUSA due to challenging and competitive credit and retail environments. As a result, Bluestem has taken and continues to evaluate and take actions to improve the performance and stability of the business. To date, actions have included a workforce reduction, exiting certain businesses that were neither accretive nor consistent with our strategic goals and eliminating redundant facilities. We expect our performance relative to our financial covenants to be tight for the foreseeable future and there can be no assurance that Bluestem's operating results will improve or that any actions taken will allow Bluestem to remain in compliance with the Lender Requirements or Program Requirements.

Sources and Uses of Cash

The following table represents a comparison of the net cash provided by operating activities, investing activities, and financing activities (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Net cash provided by (used in) operating activities	\$ 2,992	\$ (13,768)
Net cash used in investing activities	\$ (20,600)	\$ (11,333)
Net cash provided by (used in) financing activities	\$ 20,101	\$ (71,822)

Operating cash flows resulted primarily from sales of products to our customers offset by cash payments for purchases of inventories, purchases and production of promotional materials, employee compensation, credit management costs, operating leases, interest payments on our debt obligations, and general working capital needs. The increase in cash provided by operating activities for the thirteen weeks ended May 4, 2018 compared to the thirteen weeks ended May 5, 2017 was driven by an increase in earnings adjusted for non-cash charges to net loss from operations and increased working capital.

Investing cash flows for the thirteen weeks ended May 4, 2018 resulted primarily from purchases of customer accounts receivable from WebBank and purchases of property and equipment, offset by proceeds from sales of our customer accounts receivable to SCUSA and distributions from equity investments. The increase in cash used in investing activities for the thirteen weeks ended May 4, 2018 compared to the thirteen weeks ended May 5, 2017 was primarily a result of decreased proceeds from sale of customer accounts receivable due to lower sales and an increase in the merchant discount and decreased equity investment distributions, partially offset by decreased purchases of accounts receivable from lower sales.

Financing cash flows resulted primarily from net proceeds of borrowings on our Asset Backed Line of Credit offset by payments on the

outstanding Term Loan. The increase in cash provided by financing activities for the thirteen weeks ended May 4, 2018 compared to the thirteen weeks ended May 5, 2017 was primarily due to the Special Dividend and higher net borrowings on our asset backed line of credit.

Transfers and Servicing of Financial Assets - Customer Accounts Receivable

Information regarding transfers and servicing of financial assets - customer accounts receivable is included in Management's Commentary on Financial Condition and Results of Operations - "Liquidity and Capital Resources" of our Annual Report. During the 13-weeks ended May 4, 2018, there were no material changes to this previously disclosed information outside of the ordinary course of business.

Debt and Financing Arrangements

Information regarding debt and financing arrangements is included in Management's Commentary on Financial Condition and Results of Operations - "Liquidity and Capital Resources" of our Annual Report. During the 13-weeks ended May 4, 2018, there were no material changes to this previously disclosed information outside of the ordinary course of business.

Contractual Obligations and Commitments

A summary of future contractual obligations and commitments is included in Management's Commentary on Financial Condition and Results of Operations - "Liquidity and Capital Resources" of our Annual Report. During the 13-weeks ended May 4, 2018, there were no material changes to this previously disclosed information outside of the ordinary course of business.

Off Balance Sheet Arrangements

We do not have any guarantee contracts, contingent interest in assets transferred, or variable interest entities that qualify as off-balance sheet arrangements.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

1. Organization and Operations

As used in this report:

- “BGI” or “the Company” refers to Bluestem Group Inc. with its consolidated subsidiaries
- “BGI Holding Company” refers to the Bluestem Group Inc. legal entity, excluding its subsidiaries
- “Bluestem” refers to Bluestem Brands, Inc., an indirect subsidiary of BGI which consists of Northstar Portfolio, Orchard Portfolio and PayCheck Direct (which was exited in the first quarter of fiscal 2017)
- “Northstar Portfolio” or “Northstar” refers to the consolidated Fingerhut and Gettington retail brands
- “Orchard Portfolio” or “Orchard” refers to the consolidated Appleseed’s, Bedford Fair, Blair, Draper’s & Damon’s (retail stores were exited during the first quarter of fiscal 2017), Gold Violin, Haband, LinenSource (which was exited in the second quarter of fiscal 2017), Norm Thompson, Old Pueblo Traders, Sahalie, Tog Shop, and WinterSilks retail brands
- “Capmark Portfolio” or “Capmark” refers to the commercial real estate finance operations of BGI

Bluestem Group Inc., a holding company headquartered in Eden Prairie, MN, operates multiple direct to consumer retail brands through its subsidiary Bluestem Brands. The Northstar Portfolio includes Fingerhut and Gettington, both of which are national multi-channel retail brands offering a broad selection of name brand and private label merchandise serving low- to middle-income consumers by offering multiple payment plans through revolving credit lines or installment loans offered by WebBank as the originating bank as described more fully below. The Orchard Portfolio consists of multi-channel brands including Appleseed’s, Bedford Fair, Blair, Draper’s & Damon’s, Gold Violin, Haband, Norm Thompson, Old Pueblo Traders, Sahalie, Tog Shop and WinterSilks. These brands offer apparel, accessories, and home products for the boomer and senior demographic, generally considered age 50 and over and provide customers with the ability to obtain credit through a third-party private label credit card.

By combining proprietary marketing and credit decision-making technologies, Bluestem is able to tailor merchandise and credit offers to prospective as well as existing customers. Bluestem views merchandising, marketing and credit management within its Northstar Portfolio business model as strategically indivisible. Credit is offered to Northstar Portfolio customers to reasonably assist them in making merchandise purchases while enhancing customer loyalty and driving repeat orders. Bluestem offers a large selection of name-brand, private label, and non-branded merchandise through internet websites and catalogs to customers in the United States of America. Merchandise is continuously tailored across three key product categories:

- **Home** - including housewares, bed and bath, lawn and garden, home furnishings and hardware
- **Entertainment** - including electronics, video games, toys and sporting goods
- **Fashion** - including apparel, footwear, cosmetics, fragrances and jewelry

Bluestem is a party to a series of transactions with WebBank and Santander Consumer USA Inc. (“SCUSA”) related to revolving Northstar Portfolio customer accounts receivables executed under a set of operating agreements referred to collectively as the “A/R Program Agreements” and the arrangement is referred to as the “Program.” Except as described in Note 5, *Serviced Credit Portfolio*, of the Notes to Condensed Consolidated Financial Statements, Bluestem sells all new receivables originated under revolving credit accounts to SCUSA on the same day those receivables are purchased by Bluestem from WebBank. Bluestem services the credit accounts and related receivables as WebBank’s and/or SCUSA’s agent. In consideration of Bluestem’s servicing of the portfolio owned by SCUSA, SCUSA pays a servicing fee to and shares a portion of the risk adjusted margin (“RAM”) of the portfolio with Bluestem. See Note 5, *Serviced Credit Portfolio*, of the Notes to Condensed Consolidated Financial Statements for more information. Under the Program, if the forecasted RAM as a percentage of average program receivables is less than 5% for the full fiscal year, Bluestem shall implement a merchant discount on all standard receivables to be purchased by SCUSA for the remainder of the fiscal year.

2. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim reporting. Accordingly, these financial statements do not include all of the information and footnote disclosures required for annual financial reporting. These interim financial statements should be read in conjunction with the financial statements and notes thereto included in the Company’s report as of and for the years ended February 2, 2018 and February 3, 2017 (“Annual Report”), available at www.bluestem.com. The Company’s results for any interim period are not necessarily indicative of results for a full year or any other interim period.

The preparation of the condensed consolidated financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts and disclosures of revenues and expenses. Significant estimates made by management include revenue recognition, the allowance for doubtful accounts, reserves for excess and obsolete merchandise inventories, allowances for merchandise returns and customer allowances, promotional material inventories, income taxes, valuation of stock-based awards, valuation of servicing liability, valuation of goodwill and intangible assets and estimates of the useful lives of long-lived assets. Management bases its estimates

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

on historical corporate and industry experience and various other assumptions it believes are appropriate under the circumstances, including market-based inputs when available. Future changes in credit and market trends and conditions may occur, which could cause actual results to differ materially from the estimates used in preparing the accompanying condensed consolidated financial statements. Certain of the Company's critical accounting estimates require higher degrees of judgment and are more complex than others in their application. For all of these estimates, future events rarely develop exactly as forecasted and, therefore, routinely require adjustment.

The accompanying unaudited condensed consolidated financial statements include financial information for the Company and its consolidated subsidiaries, including wholly-owned and majority owned subsidiaries in which the Company has a controlling financial interest. All significant intercompany accounts and transactions have been eliminated in consolidation.

In the opinion of management, the condensed consolidated financial statements include all adjustments, consisting of normal recurring accruals, necessary to present fairly the financial position of the Company as of May 4, 2018 and the results of its operations and cash flows for the interim periods presented.

Fiscal Year

Bluestem operates on a fiscal calendar widely used within the retail industry that results in fiscal years consisting of a 52- or 53-week period ending on the Friday closest to January 31 of the following year. In these unaudited condensed consolidated financial statements, including the notes thereto, financial results are for the 13-weeks ended May 4, 2018 ("fiscal 2018") and May 5, 2017 ("fiscal 2017").

3. Significant Accounting Policies and Recently Issued Accounting Standards

Change in Accounting Policies

The Company's significant accounting policies are described in the notes to the Company's consolidated financial statements included in the 2017 Annual Report. The Company adopted Accounting Standards Update 2014-09 "Revenue from Contracts with Customers" ("Topic 606") with a date of the initial application of February 3, 2018. As a result, the Company has changed its accounting policy for revenue recognition as detailed below. Except for the changes below, the Company has consistently applied the accounting policies to all periods presented in these condensed consolidated financial statements.

Revenue Recognition

The Company generates its revenue from the following principal activities, separated by reportable segments:

Northstar Portfolio

The Northstar Portfolio consists of national multi-channel retailers serving low- to middle-income consumers by offering products with customized payment plans through revolving credit lines or installment loans. The contract duration is short term, executed with a purchase order and completed within seven to ten days upon delivery of the product. Contract terms require payment to be made upon receipt of product. Revolving credit is extended directly to Northstar Portfolio customers by WebBank and subsequently purchased by SCUSA. Northstar Portfolio customers who are unable to qualify for revolving credit may purchase merchandise with a down payment and installment payment terms of one year or less under its Fresh Start program.

Orchard Portfolio

The Orchard Portfolio consists of national multi-channel retailers offering apparel, accessories, and home products for women and men principally in the boomer and senior demographic, generally considered age 50 and older. Orchard Portfolio offers its product assortments through online and direct mail catalogs. The contract duration is short term, executed with a purchase order and completed in a couple of days with the delivery of the product. Contract terms require payment to be made upon receipt of product. A third-party bank provides Orchard Portfolio customers the ability to obtain credit through a Private Label Credit Card. The Company does not directly extend any financing terms to the Orchard Portfolio customers.

Under Topic 606, revenue from customers is recognized when the Company's performance obligations under sales contracts are satisfied by transferring control of goods to a customer. Revenue is measured based on consideration specified in contracts with customers, net of discounts, and excludes amounts collected on behalf of third parties. A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. When a sales order includes multiple performance obligations, the consideration is allocated between the performance obligations in proportion to their estimated standalone selling prices.

Net sales consist of merchandise sales, shipping and handling revenue, shipping returns fee income and commissions earned from third parties that market their products to the Company's customers. Merchandise sales and shipping and handling revenue are recorded when the customer takes physical possession of the goods upon delivery. Due to the high volume of shipments, the time of delivery to the customer is estimated based on shipping dates, warehouse locations, delivery destinations and historical delivery experience. Payments received in advance of the receipt of merchandise by customers are recorded as deferred revenue. The Company estimates merchandise returns using an expected value method based on historical returns patterns, which are recorded as a reduction of Net sales. Taxes collected from customers and remitted to governmental authorities are excluded from revenue on the net basis of accounting. Management has evaluated the criteria outlined in ASC 606-10-55, *Principal versus Agent Considerations*, and determined that the Company is the principal in substantially all of its transactions, including drop shipments, and the related revenue is recorded on a gross basis.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

The Company receives payment for nearly all of its sales at the time of shipment or within a few days of delivery via third party credit card processors or the revolving customer credit arrangement with WebBank and SCUSA. The Company also offers certain customers the ability to purchase merchandise with a down payment and installment payment terms of one year or less under its Fresh Start program. Under this program, customers are charged interest during the installment payment term at a market rate for customers of similar credit standing.

The Company adopted Topic 606 on a modified retrospective basis in the first quarter of fiscal 2018, which resulted in the following effects on the condensed consolidated financial statements for the 13 weeks ended May 4, 2018:

- A decrease to opening retained earnings as of February 3, 2018 of approximately \$13.8 million, net of tax, was recorded for the cumulative effect adjustment of adopting Topic 606. The adjustment related to the acceleration in the timing of recognition of direct mail catalog advertising costs, which prior to adoption were capitalized and amortized over their expected period of future benefit and are now expensed on the estimated date of first delivery to recipients.
- Approximately \$7.5 million of estimated realizable value of future product returns was reclassified from Accrued costs and other liabilities to Other current assets.
- No impact to net cash provided by (or used in) operating, financing, or investing activities reported in the Company's Condensed Consolidated Statement of Cash Flows
- Prior period balances were not retrospectively adjusted as a result of adopting Topic 606. Excluding the accounting for direct mail catalog advertising costs, revenue and expense recognition patterns are consistent with prior revenue and expense recognition policies.
- It is anticipated that as a result of adopting Topic 606, direct mail catalog advertising expense will increase in the fiscal first and third quarters and decrease in the fiscal second and fourth quarters, with no material impact on an annual basis.

The following summarizes the impact of adopting Topic 606 on the Company's Condensed Consolidated Balance Sheet as of May 4, 2018 and the Company's Condensed Consolidated Statement of Comprehensive Income for the 13 weeks ended May 4, 2018 (in thousands):

	As of May 4, 2018		
	As Reported	Topic 606 Adjustment	Balances Without Adoption of Topic 606
ASSETS			
Promotional material inventories	\$ 17,723	\$ 27,104	\$ 44,827
Other current assets	35,576	(7,519)	28,057
Total current assets	398,602	19,585	418,187
Total assets	\$ 705,983	\$ 19,585	\$ 725,568
LIABILITIES AND STOCKHOLDERS' EQUITY			
Accrued costs and other liabilities	\$ 89,669	\$ (7,519)	\$ 82,150
Total current liabilities	299,248	(7,519)	291,729
Total liabilities	753,745	(7,519)	746,226
Accumulated deficit	(351,277)	27,104	(324,173)
Total stockholders' equity	(47,762)	27,104	(20,658)
Total liabilities and stockholders' equity	\$ 705,983	\$ 19,585	\$ 725,568
13-Weeks Ended May 4, 2018			
	As Reported	Topic 606 Adjustment	Balances Without Adoption of Topic 606
Sales and marketing expense	\$ 127,019	\$ (13,262)	\$ 113,757
Total costs and expenses	408,654	(13,262)	395,392
Operating loss	(27,199)	13,262	(13,937)
Loss before income taxes	(39,801)	13,262	(26,539)
Income tax expense	311	—	311
Net loss	\$ (40,112)	\$ 13,262	\$ (26,850)

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Revenue is disaggregated by customer type and merchandise category - see Note 15. Segment Information. Revenue is not disaggregated by the timing of revenue recognition as all revenue is recognized at a point in time, i.e., on estimated date of delivery to the customer. The disaggregation of revenue is consistent with the manner in which management internally disaggregates financial information for the purpose of decision making.

Because all of the Company's revenue is recognized at a point in time, no material contract assets are created. Contract liabilities relate to consideration received in advance of receipt of merchandise by customers, primarily due to the time lag between shipment and delivery of goods sold, refunds due to customers and unredeemed gift certificates. These contract liabilities are recorded as Accrued costs and other liabilities on the Company's Condensed Consolidated Balance Sheet. Significant changes in contract liabilities during the period, which are the result of seasonally low sales during the final days of the fiscal year 2017, are as follows (in thousands):

	Contract Liabilities
Balance, February 2, 2018	\$ 32,287
Reclassification of beginning deferred revenue to revenue, as a result of performance obligations satisfied	(15,547)
Gift certificate redemptions and breakage	(1,245)
Provisions for refunds, net of refunds paid	3,705
Cash received in advance and not recognized as revenue	28,817
Balance, May 4, 2018	\$ 48,017

The Company applies the practical expedient of ASC 606-10-50-14 and does not disclose information about remaining performance obligations that have original expected durations of one year or less. This practical expedient is being applied to prepaid unshipped merchandise sales orders and shipped orders in transit to customers at that time.

Commercial real estate revenue, net includes net interest income and other non-interest income related to the Company's real estate business. Net interest income represents the difference between the amount of interest that the Company earns on its commercial real estate interest-earning assets, primarily loans held-for-sale, and the amount of interest that the Company pays on its commercial real estate interest-bearing liabilities. Other non-interest income primarily includes net realized and unrealized gains and losses on loans held-for-sale and equity investments.

Recently Adopted Accounting Standards

Topic 606 supersedes the revenue recognition requirements in Topic 605 "Revenue Recognition," and requires entities to recognize revenue when control of the promised goods or services is transferred to customers at an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. Topic 606 was adopted retrospectively to all uncompleted contracts by recognizing the cumulative effect of initially applying the new guidance as an adjustment to the opening balance of equity at February 3, 2018.

In January 2016, the Financial Accounting Standards Board ("FASB") issued *Financial Instruments-Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities* ("ASU 2016-01"), which updates certain aspects of recognition, measurement, presentation and disclosure of financial instruments. The Company adopted this standard in the first quarter of fiscal 2018. The adoption of ASU 2016-01 did not have a significant impact on the Company's results of operations or financial position, and a cumulative-effect adjustment to the balance sheet as of the beginning of the fiscal year of adoption was not required.

In August 2016, the FASB issued *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments* ("ASU 2016-15"), which relates to the classification of certain cash receipts and cash payments on the statement of cash flows. The Company adopted this standard in the first quarter of fiscal 2018 applying a retrospective transition method to each period presented. The adoption of ASU 2016-15 did not have a significant impact on the Company's results of operations or financial position.

In October 2016, the FASB issued *Income Taxes (Topic 740): Intra-Entity Transfers of Assets Other Than Inventory* ("ASU 2016-16"), which requires recognition of the income tax consequences of intra-entity transfers of assets (other than inventory) at the transaction date. The Company adopted this standard in the first quarter of fiscal 2018 using modified retrospective basis through a cumulative-effect adjustment directly to retained earnings as of the beginning of the period of adoption. The adoption of ASU 2016-16 did not have a significant impact on the Company's results of operations or financial position.

In November 2016, the FASB issued *Statement of Cash Flows (Topic 230): Restricted Cash* ("ASU 2016-18"), which requires that the statement of cash flows explain the change during the period in total cash, cash equivalents, and amounts generally described as restricted cash. The Company adopted this standard in the first quarter of fiscal 2018 applying a retrospective transition method to each period presented. The adoption of ASU 2016-18 resulted in a reclassification of changes in restricted cash from cash flow from investing activities to the opening and closing balances of Cash, cash equivalents and restricted cash. The adoption had no impact on the Company's results of operations or financial position.

In May 2017, the FASB issue *Compensation - Stock Compensation (Topic 718): Scope of Modification Accounting* ("ASU 2017-09"), which provides guidance about which changes to the terms and conditions of a share-based payment award require and entity to apply modification accounting in Topic 718. The Company adopted this standard in the first quarter of fiscal 2018 and will be applied

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

prospectively awards modified on or after the adoption date. The adoption of ASU 2016-18 had no impact on the Company's results of operations or financial position.

Accounting Standards Issued But Not Yet Adopted

In February 2016, the FASB issued *Leases (Topic 842)* ("ASU 2016-02") which, for operating leases, requires a lessee to recognize a right-of-use asset and a lease liability, initially measured at the present value of the lease payments, in its balance sheet. The standard also requires a lessee to recognize a single lease cost, calculated so that the cost of the lease is allocated over the lease term, on a generally straight-line basis. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. Management anticipates ASU 2016-02 will impact the Company's balance sheet but does not believe the ASU will have a significant impact on the reported results of operations or financial position.

In June 2016, the FASB issued *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments* ("ASU 2016-13") which amends the impairment model to utilize an expected loss methodology in place of the currently used incurred loss methodology, resulting in the more timely recognition of losses. The new standard applies to financial assets measured at amortized cost basis, including receivables that result from revenue transactions and held-to-maturity debt securities. ASU 2016-13 is effective for interim and annual periods beginning on or after December 15, 2019. Earlier application is permitted for interim and annual periods beginning on or after December 15, 2018. The Company is currently evaluating the requirements of this standard and has not yet determined the impact on the results of operations or financial position.

In August 2017, the FASB issue *Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities* ("ASU 2017-12") which provide for better alignment of an entity's risk management activities and financial reporting for hedging relationships through changes to both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results. ASU 2017-12 is effective for fiscal beginning after December 15, 2018 and interim periods within those fiscal years. Early application is permitted in any interim period after issuance of the update. The Company is currently evaluating the requirements of this standard and has not yet determined the impact on the results of operations or financial position.

4. Net Loss Per Share

The table below demonstrates how the Company computed basic and diluted loss per share (in thousands, except share and per share amounts):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Basic and diluted net loss per share - common stockholders	\$ (0.30)	\$ (0.33)
Basic and diluted weighted average shares outstanding	132,326,876	132,036,278

The following potentially dilutive securities outstanding have been excluded from the computations of diluted earnings per share because such securities have an antidilutive impact due to losses reported (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Options	4,102,664	7,345,076
Warrants	9,138,806	9,138,806
Preferred Stock	1,340,771	1,340,771
Restricted Stock	859,815	290,598
Total	15,442,056	18,115,251

On March 22, 2018, the Board approved the Restricted Stock Unit Plan. Under the Restricted Stock Unit Plan 18.8 million common shares were authorized to be issued as settlement of restricted stock units granted to participants in the plan. The restricted stock units vest 35% based on the passage of time and 65% based on the value of Company shares as of a change in control, the listing of the Company's stock on a national exchange or a date specific. If a participant in the Restricted Stock Unit Plan held stock options under the 2014 Incentive Plan, the restricted stock units will be offered in exchange for all outstanding stock options issued to the participant under the 2014 Incentive Plan whether or not those options are vested. All exchanged options will be become available for issuance under the 2014 Incentive plan. No restricted stock units have been issued from the Restricted Stock Unit Plan as of May 4, 2018.

5. Serviced Credit Portfolio

The Company is a party to a series of transactions with WebBank and SCUSA related to revolving Northstar Portfolio customer accounts receivables executed under a set of operating agreements referred to collectively as the "A/R Program Agreements" and the arrangement is referred to as the "Program". Under the Program, the Company markets revolving credit accounts and installment credit accounts to

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

qualifying customers identified by the Company. WebBank extends credit directly to Northstar Portfolio customers. The credit accounts may only be used to purchase goods and services from Northstar Portfolio and certain third parties that market their goods and services to Northstar Portfolio customers. The Company is obligated to purchase and assume ownership of the receivables after a contractual holding period by WebBank of three business days. The purchase price of the receivables from WebBank is at par value and the Company pays applicable interchange fees, origination fees and other product fees along with applicable customer finance charges earned by WebBank during the contractual hold period. SCUSA is obligated to reimburse Bluestem for origination and other product fees.

Except as described below, Bluestem is obligated to sell substantially all new receivables originated under revolving credit accounts to SCUSA on the same day those receivables are purchased by Bluestem from WebBank. All receivables originated in revolving credit accounts are referred to as "Standard Receivables." SCUSA bears risk of loss due to uncollectibility of the Standard Receivables purchased from Bluestem. All receivables generated in accounts other than revolving credit accounts, including Fingerhut FreshStart credit accounts, are referred to as "Nonstandard Receivables." Bluestem retains all Nonstandard Receivables purchased from WebBank, and bears the risk of loss due to uncollectibility.

Net Credit Expense

Net credit expense includes credit management costs on all customer accounts receivable whether owned by the Company or SCUSA, a provision for doubtful accounts and finance charge and fee income on Company-owned accounts receivable, a provision for doubtful accounts needed to reduce the value of accounts receivable purchased from WebBank to the discounted value sold to SCUSA (see below for more information on the required merchant discount on receivables sold to SCUSA), servicing fee income, portfolio profit sharing from SCUSA owned accounts receivable and loss on servicing right. We maintain an allowance for doubtful accounts at a level intended to absorb probable losses on Nonstandard Receivables as of the balance sheet date. SCUSA bears risk of loss due to uncollectibility of the Standard Receivables it owns.

Net credit expense is summarized below (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Provision for doubtful accounts:		
Loss on sale of customer accounts receivable	\$ 17,552	\$ 12,212
Company-owned customer accounts receivable	2,401	5,940
Total provision for doubtful accounts	<u>19,953</u>	<u>18,152</u>
Credit management costs	15,944	18,822
Finance charge and fee income, net	(950)	(1,180)
Servicing fee income and portfolio profit sharing	(6,975)	(7,108)
(Gain) loss on servicing right	(2,824)	1,250
Net credit expense	<u>\$ 25,148</u>	<u>\$ 29,936</u>

The Company is responsible for servicing all accounts ("Serviced Credit Portfolio") whether the related receivables are owned by the Company or SCUSA. Credit management costs, related to both the Company-owned and SCUSA-owned customer accounts receivable, include statement and payment processing, collections, origination fees paid to WebBank, new account application and credit bureau processing costs, as well as direct customer service costs. The Company receives a servicing fee and shares a portion of the profits, as defined in the A/R Program Agreements, of the SCUSA owned portfolio of Standard Receivables.

Northstar Serviced Credit Portfolio

Fingerhut customers may be offered one of two credit products, Fingerhut revolving credit or Fingerhut FreshStart installment credit. Fingerhut revolving credit is typically accepted on customary revolving credit terms. The Fingerhut FreshStart installment credit product is offered to customers who do not qualify for a revolving credit account. Gettington revolving credit is accepted on customary revolving credit terms.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Northstar Serviced Credit Portfolio metrics as of the end of the periods are as follows (in thousands, except for average balances):

May 4, 2018	Revolving ⁽¹⁾	FreshStart ⁽²⁾
Balance active accounts	1,698	121
Average balance outstanding	\$ 805	\$ 102
Customer accounts receivable ⁽³⁾	\$ 1,367,340	\$ 12,346
Balances 30+ days delinquent ⁽⁴⁾	\$ 222,890	\$ 4,580
Balances 30+ days delinquent as a percentage of total customer accounts receivable ⁽⁵⁾	16.3%	37.1%

February 2, 2018	Revolving ⁽¹⁾	FreshStart ⁽²⁾
Balance active accounts	1,792	128
Average balance outstanding	\$ 833	\$ 110
Customer accounts receivable ⁽³⁾	\$ 1,492,172	\$ 14,073
Balances 30+ days delinquent ⁽⁴⁾	\$ 243,467	\$ 3,318
Balances 30+ days delinquent as a percentage of total customer accounts receivable ⁽⁵⁾	16.3%	23.6%

⁽¹⁾ Revolving serviced portfolio includes Northstar Portfolio revolving credit accounts.

⁽²⁾ FreshStart serviced portfolio is Northstar Portfolio's installment accounts.

⁽³⁾ Customer accounts receivable balances as of the customers' statement cycle dates prior to or on fiscal period end.

⁽⁴⁾ Delinquent balances as of the customers' statement cycle dates prior to or on fiscal period end.

⁽⁵⁾ Delinquent balances as of the customers' statement cycle dates prior to or on fiscal period end as a percentage of total customer accounts receivable as of the customers' statement cycle dates prior to or on fiscal period end.

Company-owned Customer Accounts Receivable

Company-owned customer accounts receivable primarily consist of FreshStart installment accounts receivable and PayCheck Direct installment accounts receivable. FreshStart and PayCheck Direct installment accounts receivable are not sold to SCUSA.

Company-owned customer accounts receivable are as follows (in thousands):

	May 4, 2018	February 2, 2018
FreshStart installment accounts receivable	12,360	13,950
PayCheck Direct installment accounts receivable	\$ 523	\$ 2,884
Other	324	407
Customer accounts receivable	13,207	17,241
Less: allowance for doubtful accounts	(7,415)	(8,233)
Customer accounts receivable - net	<u>\$ 5,792</u>	<u>\$ 9,008</u>

Finance charge and fee income is recognized on FreshStart accounts receivable according to the contractual provisions of the credit account agreements.

The Company maintains an allowance for doubtful accounts at a level intended to absorb estimated probable losses inherent in Company-owned customer accounts receivable, including accrued finance charges and fees as of the balance sheet date. Upon charge-off, any unpaid principal is applied to the allowance for doubtful accounts and any accrued but unpaid finance charges and fees are netted against finance charge and fee income with an offsetting equivalent reversal of the allowance for doubtful accounts through the provision for doubtful accounts.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements

90 - 119	2,126
120 - 149	26
150 - 179	11
180+	—
Customer accounts receivable	\$ 13,207

Changes in the allowance for doubtful accounts for the 13-weeks ended May 4, 2018 were as follows (in thousands):

	May 4, 2018
Balance as of the beginning of the period	\$ 8,233
Provision for doubtful accounts ⁽¹⁾	19,953
Principal charge-offs ⁽¹⁾	(21,006)
Recoveries	236
Balance as of the end of the period	\$ 7,416

⁽¹⁾ Includes \$17.6 million charge for accounts receivable sold to SCUSA below par (merchant discount).

SCUSA-owned Customer Accounts Receivable

Standard Receivable details are as follows (in thousands except for average merchant discount):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Standard Receivables purchased from WebBank	\$ 191,213	\$ 197,642
Standard Receivables sold to SCUSA ⁽¹⁾	191,213	197,646
Charge to the provision for doubtful accounts and principal charge-off for the sale below par related to Standard Receivables	17,552	12,212
Average merchant discount	9.18 %	6.18%

⁽¹⁾ SCUSA reimburses the Company for origination fees and other product fees paid to WebBank.

In consideration of the Company's servicing of the Standard Receivables portfolio owned by SCUSA, SCUSA pays a servicing fee to and shares a portion of the profits of the SCUSA portfolio with the Company. The portfolio profits are based on finance charges, fees and other revenues, less charge-offs of uncollectable receivables, net of recoveries, servicing fees, an agreed upon cost of funds and in certain circumstances a merchant fee. Upon transfer, any servicing asset or liability is initially recognized at fair value.

The compensation received from SCUSA approximated adequate compensation for the services provided from inception through the third quarter of fiscal 2016, and as such, no servicing right asset or liability was recognized. During the fourth quarter of fiscal 2016, as a result of decreased profit sharing due to the declined credit performance, the compensation the Company received from SCUSA was below market and no longer approximated adequate compensation. As a result, the Company recorded a servicing liability and adjusted its servicing liability for changes in the fair value of its servicing right. The fair value of servicing right was determined using an assumed discount rate of 13% and customer accounts receivable attrition rate of approximately 84% within twelve months.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Changes in the balances of servicing liabilities subsequently measured using the fair value measurement method with significant unobservable inputs (Level 3) for the thirteen weeks ended May 4, 2018 are recorded as part of Net credit expense on the Condensed Consolidated Statement of Comprehensive Loss, and were as follows (in thousands):

	Servicing Liabilities
Fair value as of the beginning of the period	\$ 25,988
Credit origination and fee additions	5,004
Payments and charge-off subtractions	(7,134)
Change in fair value due to updated assumptions	(694)
Fair value as of the end of the period	\$ 23,164

6. Intangible Assets and Goodwill

The Company's intangible assets with finite lives, net consisted of the following (in thousands):

	May 4, 2018	February 2, 2018
Customer relationships	\$ 155,909	\$ 155,909
Less: Accumulated amortization	(68,346)	(64,702)
Intangible assets with finite lives, net	\$ 87,563	\$ 91,207

Intangible assets amortization expense for the 13-weeks ended May 4, 2018 and May 5, 2017 was \$3.6 million and \$4.1 million, respectively.

The changes in the carrying amount of tradenames were as follows (in thousands):

Balance as of February 3, 2017	\$ 98,480
Impairments	(26,310)
Balance as of February 2, 2018	\$ 72,170
Impairments	—
Balance as of May 4, 2018	\$ 72,170

Goodwill is the amount by which the cost of the acquired net assets in a business combination exceeds the fair value of the identifiable net assets on the date of purchase or valuation, respectively. Goodwill is not amortized, but is assessed for impairment at the reporting unit level at least annually, or more frequently when events and circumstances indicate that goodwill may be impaired.

The changes in the carrying amount of goodwill were as follows (in thousands):

	Northstar	Orchard	Total
Balance as of February 3, 2017	\$ 36,717	\$ 165,839	\$ 202,556
Impairments	—	(165,839)	(165,839)
Balance as of February 2, 2018	\$ 36,717	\$ —	\$ 36,717
Impairments	—	—	—
Balance as of May 4, 2018	\$ 36,717	\$ —	\$ 36,717

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

As of May 4, 2018, estimated annual amortization expense for finite lived intangible assets for the next five fiscal years and thereafter is as follows (in thousands):

Fiscal Years	
2018	\$ 13,210
2019	16,346
2020	13,024
2021	7,170
2022	6,483
Thereafter	31,330
Total	<u>\$ 87,563</u>

7. Debt and Other Financing

Debt and other financing are included as short-term debt and long-term debt on the Condensed Consolidated Balance Sheets as follows (in thousands):

	<u>May 4, 2018</u>	<u>February 2, 2018</u>
Short-term debt		
Term loan - net of discount and financing fees of \$4,859	\$ 23,943	\$ 23,943
Asset backed line of credit	28,248	—
Capital lease obligation and other	1,378	1,513
Other notes payable	491	978
Short-term debt	<u>\$ 54,060</u>	<u>\$ 26,434</u>
Long-term debt		
Term loan - net of discount and financing fees of \$7,395 and \$8,610	\$ 413,559	\$ 419,545
Capital lease obligation	210	535
Collateralized borrowings	217	217
Long-term debt	<u>\$ 413,986</u>	<u>\$ 420,297</u>

Term Loan

Bluestem has a Term Loan facility with a syndication of investors, which is secured by a first lien on unencumbered Bluestem property and equipment and a second lien on Bluestem's inventory and customer accounts receivable not otherwise pledged or sold. Total borrowings under the facility upon its July 10, 2015 amendment were \$580 million. The Term Loan matures on November 7, 2020.

Asset Backed Line of Credit

Bluestem has an Asset Backed Line of Credit, as amended on July 10, 2015, which is secured by a first lien on inventory and non-customer accounts receivables and a second lien on other unencumbered assets of Bluestem. The Asset Backed Line of Credit has a maturity date of July 10, 2020, and a total facility size of \$200 million, subject to borrowing capacity. Borrowing capacity is calculated as the lower of 90% of the liquidation value from the latest inventory appraisal or 65% of eligible inventory, plus between 85% and 90% of other eligible receivables (depending on the type of receivable), in each case less any reserves, plus the lesser of \$20 million or the applicable portion of Bluestem's eligible inventory in transit. In addition, Bluestem's Asset Backed Line of Credit is subject to the same minimum net liquidity and total leverage ratio financial covenants as the Term Loan.

As of May 4, 2018 the availability on the Asset Backed Line of Credit was \$76.5 million and outstanding borrowings totaled \$28.2 million. Bluestem had \$11.7 million of outstanding letters of credit as of May 4, 2018. Letters of credit are primarily used to support the Company's customs bonds, insurance requirements and other vendor trade requirements. As of May 4, 2018 and May 5, 2017, Bluestem was in compliance with all provisions of the Asset Backed Line of Credit Agreement.

Debt Covenants

Bluestem is subject to certain financial covenants. Failure to comply with these financial covenants is an event of default, subject to certain cure rights. As of May 4, 2018, Bluestem was in compliance with all financial covenants.

Bluestem's cash flow is highly dependent on the volume of its sales and the performance of the receivables sold to SCUSA. Bluestem reported losses in fiscal 2017 and the thirteen weeks ended May 4, 2018 driven by decreasing net sales and an increasing merchant discount on receivables sold to SCUSA due to challenging and competitive credit and retail environments. As a result, Bluestem has taken and continues to evaluate and take actions to improve the performance and stability of the business. To date, actions have included a workforce reduction, exiting certain businesses that were neither accretive nor consistent with Bluestem's strategic goals and eliminating redundant facilities. The Company expects the performance relative to financial covenants to be tight for the foreseeable future and there

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

can be no assurance that Bluestem's operating results will improve or that any actions taken will allow Bluestem to remain in compliance with the Lender Requirements or Program Requirements.

8. Restructuring Costs

During the first quarter of fiscal 2017, the Company initiated restructuring actions, which included initiatives intended to improve operating performance and reduce costs. These initiatives included workforce reductions intended to increase organizational effectiveness and provide cost savings that can be reinvested in our core initiatives. Additionally, the Company exited its PayCheck Direct and LinenSource businesses and Draper's & Damon's brand retail store channel, consolidated various Orchard Portfolio office locations, and exited a Northstar third-party distribution center.

The Company has separated its restructuring charges into provision for doubtful accounts, employee costs, facility closure and other costs, and impairment and accelerated depreciation for which total restructuring charges related to these initiatives are estimated to be approximately \$2.0 million, \$5.3 million, \$8.7 million and \$3.5 million, respectively. Provision for doubtful accounts charge is related to the exit of PayCheck Direct. Employee costs primarily consist of severance costs. Facility closure and other costs primarily consists of lease termination fees, lease liability and professional fees related to restructuring actions.

The following tables presents fiscal year and cumulative restructuring charges by related segment (in thousands):

	13-Weeks Ended May 4, 2018			
	Northstar	Orchard	Corporate and other	Total
Provision for doubtful accounts ⁽¹⁾	\$ —	\$ —	\$ —	\$ —
Employee costs ⁽²⁾	8	6	—	14
Facility closure and other costs ⁽²⁾	64	11	—	75
Impairment and accelerated depreciation	—	—	—	—
Total restructuring charges	\$ 72	\$ 17	\$ —	\$ 89

	Cumulative through May 4, 2018			
	Northstar	Orchard	Corporate and other	Total
Provision for doubtful accounts ⁽¹⁾	—	—	2,034	\$ 2,034
Employee costs ⁽²⁾	489	1,780	2,916	5,185
Facility closure and other costs ⁽²⁾	921	3,792	4,018	8,731
Impairment and accelerated depreciation	212	2,097	1,171	3,480
Total restructuring charges	\$ 1,622	\$ 7,669	\$ 10,139	\$ 19,430

⁽¹⁾ Restructuring charges related to provision for doubtful accounts are recorded as a component of net credit expense on the Condensed Consolidated Statements of Comprehensive Loss and within the Corporate and other segment.

⁽²⁾ Restructuring charges related to employee costs and facility closure and other costs are recorded as a component of general and administrative expenses on the Condensed Consolidated Statements of Comprehensive Loss and within the Corporate and other segment.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

The following table summarizes the restructuring accrual related to employee and facility closure for the 13-weeks ended May 4, 2018 (in thousands):

	13-Weeks Ended May 4, 2018		
	Employee costs	Facility closure and other costs	Total
Balance as of beginning of period	\$ 153	\$ 715	\$ 868
Charges	14	75	89
Payments and settlements	(83)	(228)	(311)
Adjustments	28	—	28
Balance as of end of period	<u>\$ 112</u>	<u>\$ 562</u>	<u>\$ 674</u>

The restructuring accruals are included in accrued liabilities on the Condensed Consolidated Balance Sheets with the majority of the remaining accruals expected to be paid in fiscal 2018, however due to certain long-term lease agreements, some payments will be made in fiscal 2019.

9. Other Balance Sheet Data

The following table provides additional information concerning selected balance sheet accounts (in thousands):

	May 4, 2018	February 2, 2018
Other Current Assets		
Prepaid expenses and other	\$ 21,903	\$ 14,918
Other accounts receivables	10,973	10,825
Current income tax receivable	2,700	2,656
Total other current assets	<u>\$ 35,576</u>	<u>\$ 28,399</u>
Other Assets		
Equity investments	\$ 5,529	\$ 7,140
Deferred charges and other	4,282	4,040
Loans held-for-sale	40	42
Total other assets	<u>\$ 9,851</u>	<u>\$ 11,222</u>
Accrued Costs and Other Liabilities		
Accrued liabilities	\$ 39,150	\$ 32,683
Deferred revenue	31,447	20,193
Accrued payroll and benefits	19,072	14,878
Total accrued costs and other liabilities	<u>\$ 89,669</u>	<u>\$ 67,754</u>
Other Long-Term Liabilities		
Servicing liability	\$ 23,164	\$ 25,988
Unrecognized tax benefits	6,166	6,069
Other	6,821	7,292
Total other long-term liabilities	<u>\$ 36,151</u>	<u>\$ 39,349</u>

The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the statement of financial position that sum to the total of the same such amounts shown in the statement of cash flows (in thousands):

	May 4, 2018	May 5, 2017
Total Cash, Cash Equivalents and Restricted Cash Shown in the Statement of Cash Flows		
Cash and cash equivalents	\$ 126,269	\$ 115,774
Restricted cash	15,328	16,037
Total cash, cash equivalents and restricted cash shown in the statement of cash flows	<u>\$ 141,597</u>	<u>\$ 131,811</u>

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

10. Variable Interest Entities

The Company is involved with various entities in the normal course of business that may be deemed to be Variable Interest Entities ("VIEs"). The Company consolidates VIEs for which it is determined to be the primary beneficiary. As of May 4, 2018 and February 2, 2018, the Company was not the primary beneficiary of any VIEs. The Company holds significant variable interests in VIEs in which it may or may not be the sponsor and that have not been consolidated because the Company is not considered the primary beneficiary.

The following table sets forth the total assets and liabilities, and sources of maximum exposure of entities deemed to be VIEs for which the Company is not considered to be the primary beneficiary and which are not consolidated by the Company, including significant variable interests as well as sponsored entities with a variable interest (in thousands):

	Size of VIEs ⁽¹⁾	Carrying amount of assets ⁽²⁾	Maximum exposure to loss ⁽³⁾		
			Commitments	Loans, equity investments and other investments	Total
As of May 4, 2018					
Equity investments in real estate investment funds and other real estate ventures	\$ 307,846	\$ 5,521	\$ 3,936	\$ 5,521	\$ 9,457
Loans held for sale	121	40	—	40	40
Total	<u>\$ 307,967</u>	<u>\$ 5,561</u>	<u>\$ 3,936</u>	<u>\$ 5,561</u>	<u>\$ 9,497</u>
As of February 2, 2018					
Equity investments in real estate investment funds and other real estate ventures	\$ 349,044	\$ 7,133	\$ 3,937	\$ 7,133	\$ 11,070
Loans held for sale	126	42	—	42	42
Total	<u>\$ 349,170</u>	<u>\$ 7,175</u>	<u>\$ 3,937</u>	<u>\$ 7,175</u>	<u>\$ 11,112</u>

⁽¹⁾ Size of the VIEs represents the amount of the underlying assets held by the VIEs.

⁽²⁾ Amounts represent the carrying amount of the Company's variable interest included in assets on the Company's Condensed Consolidated Balance Sheets. The Company has no variable interest included in liabilities on the Company's Condensed Consolidated Balance Sheets.

⁽³⁾ Maximum exposure to loss is based on the assumption that all of the assets in the VIEs become worthless and incorporates not only potential losses associated with assets included on the Condensed Consolidated Balance Sheets, but also potential losses associated with off-balance sheet commitments, such as unfunded liquidity and/or lending commitments and other contractual arrangements.

Equity Investments in Real Estate Investment Funds and Other Real Estate Ventures

The Company made investments in real estate partnerships and similar vehicles in the United States and Europe. The investments were generally in the form of limited or membership ownership interests in the United States and share ownership interests in Europe. These real estate partnerships invested in various real estate ventures with local operating partners. The Company's maximum exposure to loss for these entities is limited to the Company's investment in these equity method investees and the contractual commitment to provide additional equity in certain circumstances. The Company ceased making any new investments as part of this business line, but continues to have contractual commitments to make additional investments in certain funds. The remaining commitments are solely for existing assets and fund operations.

The Company is not considered the primary beneficiary for these fund investments because the Company does not have the power to direct the activities that most significantly impact the economic performance of the VIE.

11. Income Taxes

For the 13-weeks ended May 4, 2018 the \$0.3 million tax expense was recognized on \$39.8 million of loss before income taxes. The tax expense was primarily related to state and foreign taxes. For the 13-weeks ended May 5, 2017, a \$0.7 million income tax expense, which also primarily related to state and foreign taxes, was recognized on \$42.3 million of loss before income taxes.

Based on our historical and cumulative losses, a net tax benefit was not recognized for current year pre-tax losses or carryforwards offsetting future year income. Tax benefits from net operating loss carryforwards and other deferred assets are limited to temporary differences expected to generate future taxable income. Tax benefits from carryforwards and other deferred tax assets offsetting additional income beyond the current year may be recognized in the future and could be material.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

As of the fiscal year ended February 2, 2018, the Company has deemed certain income tax estimates related to the 2017 Tax Act to be provisional under SEC Staff Accounting Bulletin No. 118, Income Tax Accounting Implications of the Tax Cuts and Jobs Act (the "Tax Act"). The Tax Act which among other things reduced the U.S. corporate income tax rate from 35 percent to 21 percent effective January 1, 2018, changed rules related to NOL carryforwards and carrybacks, and added rules that limit the deductibility of interest expense. The Company believes future guidance, interpretations and pronouncements will add clarity to the numerous aspects of the 2017 Tax Act that may impact the Company which may result in revisions to the Company's provisional estimates. There were no material changes to these provisional estimates during the 13-weeks ended May 4, 2018.

12. Derivative Instruments

Interest Rate Swaps

The Company has interest rate swap agreements to manage the risk associated with a portion of its floating-rate long-term debt. The Company does not utilize derivative instruments for speculative purposes. The interest rate swaps involve the exchange of fixed-rate and variable-rate payments without the exchange of the underlying notional amount on which the interest payments are calculated.

The notional amounts of the 3-year swap agreements are \$100 million, \$75 million, and \$75 million respectively, with maturity dates of April 29, 2019, June 28, 2019, and April 30, 2020, respectively. The Company has designated the swaps as cash flow hedges and has determined that they qualify for hedge accounting treatment. Changes in fair value of cash flow hedges are recorded in other comprehensive income (net of tax) until income or loss from the cash flows of the hedged item is realized. Unrealized gains and losses are reflected in net income attributable to the Company when the related cash flows or hedged transactions occur and offset the related performance of the hedged item. The estimated fair value of the cash flow hedges is recorded in other long-term liabilities on the Company's Condensed Consolidated Balance Sheets. See Note 13 Fair Value of Assets and Liabilities for more information on the fair value of the interest rate swaps.

The cash flow hedges were highly effective for the 13-weeks ended May 4, 2018 and May 5, 2017. The Company expects to reclassify approximately \$800,000 from other comprehensive income to net income attributable to the Company during the next twelve months. The occurrence of continued debt repayments and hedged transactions remains probable.

The unrealized gains and losses on financial instruments recorded in other comprehensive loss are summarized below (in thousands):

	13-Weeks Ended	
	May 4, 2018	May 5, 2017
Unrealized gain (loss) on interest rate swaps, net of tax	\$ 402	\$ (235)

The estimated fair value of financial instruments is summarized below (in thousands):

	May 4, 2018	February 2, 2018
Other assets	\$ 2,733	\$ 2,331

13. Fair Value of Assets and Liabilities

Fair Value Hierarchy

Following is a description of the valuation methodologies used for financial instruments measured at fair value on a recurring basis, as well as the general classification of such instruments pursuant to the three-level fair value hierarchy.

Servicing Rights

Servicing rights are carried at fair value in Other long-term liabilities on the Condensed Consolidated Balance Sheets. The Company recognizes gains or losses on servicing right for servicing the SCUSA owned portfolio of Standard Receivables when compensation received from SCUSA for services provided are not adequate compared to similar servicing provided in the open market. Servicing rights are valued using a discounted cash flow methodology, and are classified within Level 3. The Company determines fair value of the servicing rights by projecting future cash flows using payment rates and other assumptions, and discounts these cash flows. The servicing rights valuations, as well as the assumptions used, are developed and reviewed by the Company management. Risks inherent in servicing rights valuation include higher than expected prepayment rates and/or delayed receipt of cash flows. There is minimal observable market activity for servicing rights on comparable portfolios and, therefore, the determination of fair value requires significant management judgment.

Derivative Instruments

Derivative instruments are accounted for as either assets or liabilities and are carried at fair value. The fair value of interest rate swaps is determined by the counterparty based on interest rate changes. Interest rate swaps are valued based on observable interest rate yield curves for similar instruments and classified within Level 2 of the valuation hierarchy.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Fair value of assets and liabilities measured on a recurring basis

The Company accounts for certain of its assets and liabilities at fair value on a recurring basis or considers fair value in their measurement.

The following tables summarize the assets and liabilities measured at fair value on a recurring basis (in thousands):

	Quoted Prices In Active Markets For Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
May 4, 2018				
Interest rate swaps asset	\$ —	\$ 2,733	\$ —	\$ 2,733
Servicing rights liability	\$ —	\$ —	\$ 23,164	\$ 23,164
February 2, 2018				
Interest rate swaps asset	\$ —	\$ 2,331	\$ —	\$ 2,331
Servicing rights liability	\$ —	\$ —	\$ 25,988	\$ 25,988

There were no transfers of liabilities between Level 1 and Level 2 or into or out of Level 3 during the 13-weeks ended May 4, 2018 and May 5, 2017. There were no purchases, issuances, or sales impacting the fair value of the Level 3 assets and liabilities on a recurring basis during the thirteen weeks ended May 4, 2018. See Note 5. Serviced Credit Portfolio for a reconciliation from the opening balance to the closing balance of the servicing rights measured using significant unobservable inputs (Level 3).

Fair value of assets and liabilities measured on a nonrecurring basis

Certain assets are measured at fair value on a nonrecurring basis, including adjustments to fair value based on the application of lower of cost or fair value accounting and asset impairments. There were no liabilities or Level 1 or Level 2 assets measured at fair value on a nonrecurring basis as of May 4, 2018 and February 2, 2018.

The Company's non-financial assets, which primarily consist of property and equipment, intangible assets and goodwill are not required to be measured at fair value on a recurring basis and are reported at their carrying value. However, on a periodic basis whenever events or changes in circumstances indicate that their carrying value may not be recoverable (and at least annually for goodwill and other indefinite-lived intangible assets), non-financial assets are assessed for impairment and, if applicable, written-down to fair value using significant unobservable inputs (Level 3). See Note 6, *Intangible Assets and Goodwill*, of the Notes to Condensed Consolidated Financial Statements for further information related to impairment.

The following table presents the adjusted basis of non-financial assets measured at fair value on a non-recurring basis in the Condensed Consolidated Balance Sheets (in thousands):

May 4, 2018 and February 2, 2018	Level 1	Level 2	Level 3	Total
Tradenames intangible asset	\$ —	\$ —	\$ 72,170	\$ 72,170

Significant financial assets and liabilities not measured at fair value (in thousands)

The fair value of the Company's Term Loan facility, based on indicative valuations received from a third party financial institution, a Level 2 fair value hierarchy level source, was \$314,829 and \$310,730 as of May 4, 2018 and February 2, 2018, respectively. The Term Loan facility, excluding debt issuance costs, is recorded at carrying value of \$449,756 and \$456,956 on the Condensed Consolidated Balance Sheets as of May 4, 2018 and February 2, 2018, respectively.

The carrying amounts of other current assets, accounts payable, accrued and other current liabilities approximate fair value due to their short-term nature.

14. Commitments and Contingent Liabilities

Litigation

Bluestem is party to two consolidated putative class action lawsuits filed in federal court in the United States by Jessica Parm and Sara Arce on August 27, 2017 and October 14, 2015, respectively. The lawsuits allege violations of various state and federal laws arising from finance charges allegedly included in the price of goods sold under the Fingerhut brand. The named plaintiffs in these cases seek, among other relief, unspecified monetary damages and an order enjoining Bluestem from continuing the allegedly unlawful practices. Each of these putative class action suits is in its early stages and the likelihood of any material loss in connection with each case cannot be determined at this time. As a result, no amount was recorded related to any of these matters as of May 4, 2018.

BLUESTEM GROUP INC.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Bluestem is party to a putative class and collective action lawsuit filed in federal court in the United States by Tina Norris on November 18, 2016. The lawsuit alleges violations of various wage and hour laws. One of the named plaintiffs in the case also alleges a claim for retaliation. Among other things, the plaintiffs seek unspecified money damages and attorneys' fees. The Court granted-in-part the plaintiffs' motion for class certification, and the class opt-in period has closed with 107 total class members. The plaintiffs continue to dispute the scope of the defined class, so class action discovery remains in an early stage.

In January 2016, Bluestem received a Civil Investigative Demand from the Consumer Financial Protection Bureau (the "CFPB"). The CFPB's investigation has involved the production of documents, answers to written questions and oral testimony related to the offering and providing extensions of credit, debt collection and sales of debt. On September 5, 2017, Bluestem responded to an August 2017 Notice and Opportunity to Respond and Advise ("NORA") letter from the CFPB notifying Bluestem that the CFPB's Office of Enforcement is considering recommending that the CFPB take legal action against Bluestem due to alleged delays between the time when Bluestem received payments on already-sold debt and when it forwarded those payments to debt buyers. The purpose of a NORA letter is to ensure that potential subjects of enforcement actions have the opportunity to present their positions to the CFPB before an enforcement action is recommended or commenced. Bluestem continues to cooperate with the CFPB in its investigation and is seeking to obtain an appropriate resolution of the investigation with the CFPB. Should the CFPB commence an action against Bluestem, it may seek restitution, disgorgement, civil monetary penalties, injunctive relief or other corrective action. The Company cannot predict whether the CFPB will commence a legal action against Bluestem and, if so, what the likely outcome of any such action would be. As a result, no amount was recorded related to this matter as of May 4, 2018.

The Company may be subject to potential liability under laws and government regulations and other legal actions that are pending or may be asserted against it. The Company may also be subject to governmental and regulatory examinations, information requests, investigations and proceedings, certain of which may result in settlements, fines, penalties, or other relief. The Company periodically is involved in legal proceedings arising in the ordinary course of business, including, among others, claims relating to collection activities, including claims under the Telephone Consumer Protection Act. As of June 19, 2018, after consultation with counsel and based on current knowledge, it is the opinion of management that potential liability arising from pending litigation is not expected to have a material adverse effect on the Company's consolidated financial condition, results of operations or cash flows. However, due to the inherent uncertainty with respect to legal proceedings, and since the ultimate resolution of the Company's litigation, claims, and other legal proceedings are influenced by factors outside of the Company's control, it is reasonably possible that actual results will differ from management's estimates, and it is possible that litigation, claims or legal proceedings could have a material adverse effect on its results of operations in any particular period. Legal costs for these matters are expensed as incurred.

15. Segment Information

The Company reviews and presents the consolidated business results based on the organizational structure the Company's management uses to evaluate performance and make decisions on allocating resources and assessing performance. The Company's consolidated business results are presented in three reportable segments (referred to herein as "segments"): Northstar Portfolio, Orchard Portfolio and Corporate and other. The business results for the thirteen weeks ended May 5, 2017 have been adjusted to reflect the changes in the Company's segment presentation.

The accounting policies of the segments are the same as those described in Note 3, *Significant Accounting Policies and Recently Issued Accounting Standards*, except that disaggregated results have been prepared using a management approach. The disaggregated results are consistent with the basis and manner in which management internally disaggregates financial information for the purpose of the decision-making process. Segment merchandise sales and shipping and handling revenue are recorded at the time of shipment to the customer and an adjustment to reduce sales by the estimated amount of orders in-transit to customers is recognized and reported in the Corporate and other segment. Material inter-segment transactions have been eliminated in consolidation. The Company does not disclose segment level balance sheet information as it is not used internally in the decision-making process.

Northstar Portfolio

The Northstar Portfolio consists of the Fingerhut and Gettington retail brands. These brands are national multi-channel retailers servicing low- to middle-income consumers by offering products with multiple payment plans through revolving credit lines or installment loans offered by WebBank as the originating bank. While numerous retailers sell merchandise via the internet and catalogs focusing on low- to middle-income customers, Northstar Portfolio has created a differentiated business model by utilizing direct-marketing expertise to integrate proprietary credit offerings with broad general merchandise offerings including consumer electronics, domestics, housewares, and home furnishings. The majority of sales are on revolving customer credit accounts, originated through WebBank, reflecting Northstar Portfolio's ability to combine relevant merchandise offerings with an attractive consumer credit product aligned with the customer's ability to pay. Fingerhut also offers the FreshStart program, which provides the option of purchasing merchandise on installment credit terms after making a down payment.

Orchard Portfolio

The Orchard Portfolio consists of Appleseed's, Bedford Fair, Blair, Draper's & Damon's (whose retail stores were exited during the first quarter of fiscal 2017), Gold Violin, Haband, LinenSource (which was exited in the second quarter of fiscal 2017), Norm Thompson, Old Pueblo Traders, Sahalie, Tog Shop, and WinterSilks retail brands. These brands are national multi-channel retailers offering apparel,

(Unaudited)

accessories, and home products for women and men principally in the boomer and senior demographic, generally considered age 50 and older. Orchard Portfolio offers its product assortments through various platforms including online and direct mail.

Important drivers of Orchard Portfolio's business performance include growth in new customers, average order size, existing customer repurchase rates, the mix of merchandise sold, and promotional performance.

The Orchard Portfolio has an extensive proprietary database of customer information, including customer demographics and purchasing history. The Orchard Portfolio is able to design its marketing programs using this information. Marketing strategies are designed to grow lifetime value with customers by using the strength of its brand portfolio to meet more of its customers' needs. Multiple Orchard Portfolio brand relationships are fostered through circulation strategies, the design of its web universal cart and its use of a third-party private label credit platform across all brands.

Corporate and Other

The Corporate and Other segment includes certain costs consisting of indirect general and administrative expenses, amortization and depreciation not included in cost of goods sold, loss on impairment, gains on derivatives in our own equity, gain on debt extinguishment, the elimination of inter-segment activities as well as adjustments to net sales, cost of goods sold, selling and marketing expenses related to product estimated to be in-transit from shipping point to the customer. In addition, the segment includes the PayCheck Direct business (which was exited during the first quarter of fiscal 2017), and Capmark Portfolio. PayCheck Direct was a program that was offered directly through employers or organizations as a voluntary benefit to employees and members. It allowed customers to purchase products with the convenience of paying over 12 months through payroll deductions or automatic bank withdrawals. Capmark Portfolio is focused on managing a real estate-related business and existing assets, including monetizing these assets when appropriate. Capmark's net gains on loans, equity in income of joint venture and partnerships and other (losses) gains, net as our equity investments continue to wind down and approach the end of their lives.

The following tables summarize the results of operations through Operating income by segment for the thirteen weeks ended May 4, 2018 and the thirteen weeks ended May 5, 2017:

	13-Weeks Ended May 4, 2018			
	Northstar Portfolio	Orchard Portfolio	Corporate and other	Total
